

Board Policies

(as of February 24, 2017)

The policies of the Nevada State Board of Optometry were adopted to assist the consistent enforcement of Nevada's statutes and regulations applicable to the practice of optometry and to conduct the Board's authorized functions under the law.

These policies do not replace our statutes and regulations (NRS & NAC Chapters 636), and where they conflict, the statutes and regulations shall take precedence.

Policy Number 1 – Correspondence

All official correspondence with the Board must be made through the Board's website, via the Executive Director by mail at Post Office Box 1824, Carson City, Nevada 89702, by email at admin@nvoptometry.com or via fax at 775-305-0105.

Policy Number 2 – Change in Location of Practice

NRS 636.370 and this policy require an optometrist to notify the Board of the place of his or her practice or any change in location of that practice, in writing, through its Executive Director, prior to the date the change becomes effective.

Policy Number 3 – Application Fees

The Application for Licensure as an optometrist in the State of Nevada may be downloaded from the Board's web site, <https://nvoptometry.org>. The applicant must submit the application, all supporting materials and the fee to the Board. Once the applicant has passed the online law exam, and all required documentation in support of the application has been received in the Board office, the Executive Director shall review, reject or approve the application and provide notice to the applicant within 30 days. These policies apply both to a new licensee and applicants for licensure by endorsement.

Upon receipt of notice of approval of his/her application, the applicant shall submit the required license printing fee and provide his/her practice location.

Within 60 days of receipt of all required information, the Executive Director will provide the licensee with a licensure certificate for display.

Policy Number 4 – Duplicate Document Fees

The Board is authorized by law to charge a reasonable fee for duplication of documents. The Executive Director of the Board is authorized to charge the following amounts for copying, mailing and duplication of physical documents: up to \$0.60 per page.

Currently \$0.25 per page

Policy Number 5 – License Renewal

Pursuant to [NRS 636.250](#), a licensee active or inactive must renew his or her license by March 1 of each year. For renewal by mail to be timely, it must be postmarked before March 1 by the United States Postal Service. Electronic renewal is effective upon receipt of all required information and fees.

If a license is not renewed by March 1, the licensee may renew within the remainder of the calendar year by paying a penalty of \$250.00 as authorized by NRS 636.285, plus the renewal fee.

Policy Number 6 – Licensing Education Requirements

Pursuant to [NRS 636.250](#), a licensee must renew his/her license by March 1 of each year. To renew a license, the licensee must provide a completed application, renewal fees and proof of appropriate Continuing Education based on license and certification requirements. (See Policy No. 7)

Policy Number 7 – Continuing Education

[NRS 636.260\[2\]](#) requires the renewal fee to be accompanied by satisfactory evidence that the licensee, within the 12 month period immediately preceding license renewal, has completed the required number of hours of continuing education approved by the Board. The continuing education requirements for licensees certified in diagnostic pharmaceutical drugs may not exceed

24 hours in the 12 month period. The Board has established 18 hours as the requirement for licensees who have been certified in diagnostic pharmaceutical agents, of which 5 hours may be practice management. All of the 18 hours may be by live attendance, by Internet, correspondence or video. Licensees submitting courses taken via the Internet, correspondence or video tape must submit proof they have received a grade of 75% or higher on the course exam.

The requirement for licensees who have been certified in therapeutic pharmaceutical agents may not exceed 50 hours in the 12 month period. The Board has established 30 hours as the requirement for licensees who have been certified in therapeutic pharmaceutical drugs. Of the 30 hours, a minimum of 15 hours must be TPA related. Up to five hours may be practice management. Any or all of the 30 hours may be completed by live attendance, or by Internet, correspondence or video. Licensees submitting courses taken via the Internet, correspondence or video must submit proof they have received a grade of 75% or higher on the course exam.

The Board reviews pre-approved providers periodically to verify adherence to established standards and hours in their reporting.

The Board has established two categories of acceptable and approved continuing education:

1. Pre-approved – This category only requires submission of the Board’s Continuing Education Attendance form or the ARBO summary through which attendance is certified. Other certifications may be submitted. Certification can be by stamp or signature. A list of pre-approved providers may be found below.

The Board counts hours in 0.25 hour increments using 1/4 hour time nearest the actual time, with the exception that 50 minute lectures are counted as one hour in accord with academic tradition.

2. Other – Other providers will be approved on an individual basis. Such providers may submit the course syllabus or programs in advance for approval or may be considered when the licensee submits a CE Summary Form. The licensee will receive notice from the Board only if the course is not approved.

1. All schools and colleges of optometry but not their affiliates. For example, alumni associations are affiliates and are not considered pre-approved providers.

NOTE: Continuing Education will NOT be accepted for coursework from Optocase and/or Queens University.

Policy Number 10 – Fictitious Name

[NRS 636.350](#) requires that, prior practicing under an assumed or fictitious name, the licensee must be issued a certificate from the Board. The Fictitious name application must be approved before he/she commences using the assumed or fictitious name. Any licensee practicing at a medical or surgical facility who applies for registration of an assumed name to be used at the facility must include his/her professional designation in the assumed name.

Policy Number 11 – Continuing Education

A licensee shall not report or submit his/her continuing education information to the Board until the licensee has sufficient hours to fulfill the total requirements for the license year. Interim submission of continuing education information will not be accepted.

Policy Number 12 – Operating Expenses

The Board shall maintain in a separate from its operating account liquefiable funds estimated to be sufficient to pay the operating expenses of the Board for a thirteen (13) month period.
